## The recommended accommodation

Hotel Orel, <http://www.hotel-orel.si/en/>

## How to reach Maribor

The closest airport to Maribor is Graz Airport, which is 60 kilometers away and has regular connections to Vienna, Munich, Frankfurt and Zurich. The cheapest way to reach Maribor from Graz Airport with public transport is by train. The train station (Flughafen Graz-Feldkirchen) is within walking distance of the terminal. Even though the railway line south leads straight to Maribor every two hours, it is necessary to change at the last station before the border (Leibnitz). Exceptions are international trains from Vienna to Ljubljana or Zagreb. A one-way ticket from the airport to Maribor costs around 20€ (see ÖBB Info).

The next closest airport from Maribor is Ljubljana Airport in Slovenia (153 km away). You can reach Maribor by train. More information: <http://www.slo-zeleznice.si/en/passengers/slovenia> .

Next possibility is a flight to Vienna Airport in Austria. Vienna Schwechat International Airport is 2½ hours drive from Maribor by car. It is the main international airport in the region and offers connections to virtually all parts of the world. The easiest way to get from Vienna to Maribor is by train. The journey takes between 3½–4 hours and costs approximately 40€ (one way).
